Cancer: Education, Conversation, Celebration is a free, community education event for cancer patients, survivors, family and caregivers. It features presentations and break-out sessions by cancer specialists, medical experts, allied health professionals and survivors. Cancer patients, survivors, their families and friends will learn more about local resources, share their own stories and celebrate the joy of living.

A special feature of the event will be the “**Tree of Hope**.” In keeping with our celebration of life, we invite you to bring memorabilia such as a special scripture, photo or poem to be a permanent fixture on the **Tree of Hope**.

Please look over the agenda and select the breakout sessions you want to attend. If you’re a returning participant, welcome back. If you’re a new attendee, welcome to the family.
